Our Signature Programs

Program No. 3
Foundations of Real-World Data and Evidence Generation

Tailored to: Analysts, researchers, and professionals requiring advanced statistical methodologies

Duration: 5 Days (40 Hours)

Day 1 — Advanced Probability & Bayesian Inference

Day 2 — Advanced Hypothesis Testing & Resampling Techniques

Day 3 — Generalized Linear Models & Multivariate Analysis

Day 4 — Time Series Analysis & Machine Learning Integration

Day 5 — Experimental Design & Causal Inference

Training Agenda
