Our Signature Programs

Program No. 2

Statistics

Tailored to: Beginners, analysts, and professionals needing a foundational understanding of statistics.

Duration: 5 Days (40 Hours)

Training Agenda

- **Day 1** — Introduction to Statistics & Data Exploration
- **Day 2** — Probability & Distributions
- **Day 3** — Hypothesis Testing & Confidence Intervals
- **Day 4** — Regression Analysis & ANOVA
- **Day 5** — Data Visualization & Real-World Applications

Advance Statistics

Tailored to: Analysts, researchers, and professionals requiring advanced statistical methodologies

Duration: 5 Days (40 Hours)

Training Agenda

- **Day 1** — Advanced Probability & Bayesian Inference
- **Day 2** — Advanced Hypothesis Testing & Resampling Techniques
- **Day 3** — Generalized Linear Models & Multivariate Analysis
- **Day 4** — Time Series Analysis & Machine Learning Integration
- **Day 5** — Experimental Design & Causal Inference
